

Licensed Master Practitioner of Neuro-Linguistic Programming (NLP) – 8 day programme

Develop your practitioner skills even further by delving deeper into language and modelling. Learn to use your language to apply NLP techniques and uncover thought strategies to be used when modelling excellence. Learn the subtleties of reading and using body language in your chosen field, and be able to eloquently use your NLP skills.

During the session we will cover:

- Language patterns in depth
- How to read and use Non verbal language such as body language and written word to impact thought and behaviour
- Further development of sensory acuity
- Rapport. (pace and lead, tonality and rhythms etc.)
- Experiencing time and time distortion
- Hypnotic language and how to use it effectively
- A guide to trance and trance phenomena
- Changing limiting beliefs
- How curiosity and confusion can be used to maximise learning
- How to use language elegantly to implement NLP techniques

Continued...

- The eloquent use of metaphor
- Powerful use of language for questioning and listening
- Creating powerful anchors
- Representational systems
- Strategies elicitation and implementation
- Strategies of persuasion and negotiation skills
- Presenting yourself in different situations to get your desired effect
- And lots more...

The sessions will run from 9:30 until 5:00 each day. Refreshments and a lunch are provided each day. Usually the course will run for 4 days followed by an additional 4 days 6 weeks later. Call for more information.
